

Creating a New Business?

CL@S' New Business License and Permit Services make it easier than ever!

Our clients have long requested assistance obtaining and completing new business licensing and permit requirements. Our New Business License and Permit service is easy to use and we can complete your request in every county in the US. CL@S will find all of the required forms and applications to license and permit a business and get the forms filed properly, reducing the frustration and simplifying this process for you and your clients.

Our new Business License and Permit Service will:

- Simplify the application and permit process by assembling a comprehensive compliance package for any Federal, State, County or Municipal Location for nearly every type of business
- Save you time and energy by providing instructions for completing the forms and applications on your own and detailing where you will need to file
- Provide you with all necessary statutory fee schedule(s)
- File the forms on your behalf, saving time and reducing the frustration of getting the business licensed and permitted correctly

The fee for this service is \$150.00. Mention this information sheet and you can receive one free filing with each package order. Each additional filing is only \$50.00

Speak to your CL@S Service Representative about what is included and ask them to send you a copy of a sample package. Contact CL@S at 800-952-5696 or send us an email at mail@clasinfo.com
